ATTACHMENT OF PRODUCT
SAMPLES FOR REFERENCE PURPOSES

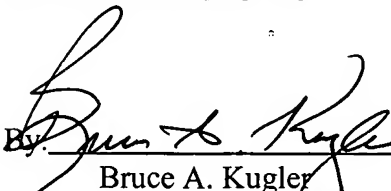

Dear Examiner Luong:

Pursuant to our recent discussion regarding the invention depicted in the drawings of the continuation-in-part application filed on January 26, 2004, attached herein for your reference and review are samples of the products described and claimed in the pending patent application. Additionally attached are digital photographs of these samples. More specifically, I have included a sample of the original single DVD album page claimed in the parent application, a sample of the "stacked" design, and the album page design adapted for holding four or more electronic discs on one side of the page. If you should have any questions regarding these samples and how they relate to the drawings in the patent application, please contact me at your earliest convenience.

Respectfully submitted,

SHERIDAN ROSS P.C.
